In a filing with Bursa Malaysia on Friday, the construction group said their unincorporated joint venture (JV) had accepted a letter of award from Konsortium Kontraktor Melayu Sdn Bhd – Pembinaan Kaleigh Sdn Bhd JV to construct and complete the civil works for the Section 6 Kapar Interchange to Asam Jawa Interchange.

The 30-month project, to be funded via internally generated funds, will begin on Sept 12, 2016.

Last year Pesona Metro Sdn Bhd had, in a JV with Pembinaan Kaleigh and Hanawin Sdn Bhd, bagged a RM172.72mil contract from the Pembinaan Raleigh-Hanawin consortium to undertake road works from Merapoh to Kampung Kubang Rusa (Pahang) under the Central Spine Road (Kuala Krai, Kelantan, to Kuala Pilah, Negri Sembilan). That three-year project will be completed by March 2018.
